## Bandhan Hindi Full Movie : Salman Khan Movies.

Singer Abhijeet Singh, with lyrics by Anand Bakshi, composed music for the film. Starting and ending theme of the film was composed by Kanu Biswas. Music of the film was released on the label Gharana Records in September 1982. Plot Dev (Sachin Khedekar) is a school dropout who joins his uncle's (Rajendra Nath) construction company (going by the name of Master Builder Company). He teaches Zinda Bedi (Shabana Azmi) and the other workers how to behave like men. Zinda Bedi's husband works in the same company. During a restroom sex romp, Zinda Bedi is impregnated. The doctor asks her to stay away from work. Dev promises Zinda Bedi that he will raise her kid himself. Zinda Bedi gives her three conditions-the kid must have eyes like her husband, Dev's mind must be far removed from her, and Dev must come of age first. . Reception J.K. Bakshi of Planet Bollywood wrote "the movie starts in a manner quite unusual for the director... The romance in Bandhan has all the ingredients of a romcom packed in: love, excitement, misunderstandings, misunderstandings that lead to misunderstandings, misunderstandings that lead to misunderstandings that lead to misunderstandings, misunderstandings that lead to misunderstandings that lead to misunderstandings. At some points, it reminded me of Dilwale Dulhania Le Jayenge - I had to keep reminding myself that I was watching a romance rather than a localised remake of the Dilwale Dulhania Le Jayenge".
